Goreswar College Girls' Hostels

Goreswar College has three girls' hostels, established at different times with financial assistance from various funding agencies to provide residential facilities for female students, particularly those coming from distant and rural areas. The first girls' hostel was constructed in 2014 with financial assistance from the University Grants Commission (UGC), followed by the construction of the second hostel in 2023 under the TSP Fund. The third and newest girls' hostel was constructed in 2025 under the **PM-USHA Scheme**, with the objective of strengthening residential facilities and promoting access to higher education for girls.

Although the first two hostels remained unoccupied up to 2024, a beginning was made in 2025 when 12 girl students took admission in the hostel facilities. At present, the newly constructed PM-USHA Girls' Hostel accommodates **35 boarders**, reflecting a gradual increase in the demand for safe and supportive residential accommodation. However, the two older hostel buildings are presently lying vacant. The College is committed to improving hostel facilities, encouraging greater participation of girl students in higher education, and creating a secure, inclusive and student-friendly residential environment. The total Seat capacity of all the 3 hostels are 110.
